

Head-On Fight On Financing Averted In UN

UNITED NATIONS, N.Y. (AP) — The United States and the Soviet Union moved today toward a new search for cold war solutions after avoiding — at least for the time being — a head-on fight over U.N. finances.

Secretary of State Dean Rusk arranged a third meeting with Soviet Foreign Minister Andrei A. Gromyko Saturday and left open the possibility of further talks next week.

These are the first high-level U.S.-Soviet discussions since the new regime took over in Moscow, and the two Rusk-Gromyko sessions earlier this week focused on the immediate crisis over Soviet arrears on U.N. dues.

Rusk was reported ready now to canvass with Gromyko the possibilities for agreement on other East-West problems ranging from disarmament to trade.

The U.S. assessment is that the Soviet government is still under committee rule and thus not likely to make radical policy changes. In contrast to Moscow's currently harsh propaganda, Gromyko in speaking privately to Rusk was said to have left out charges against U. S. policy in the Congo and Viet Nam.

FBI Arrests 16 In Mississippi Triple Slaying

PHILADELPHIA, Miss. (AP) — The FBI arrested 16 Mississippians, including Neshoba County's sheriff and his deputy, today in connection with the midsummer slayings of three civil rights workers here.

Federal agents in trench coats took Sheriff Lawrence Rainey, 37, and Deputy Sheriff Cecil Price, 27, into custody at their office a few minutes before 9 a.m. Rainey and Price, dressed in their khaki uniforms, surrendered quietly and removed their revolvers.

Other FBI agents fanned over this east central Mississippi town picking up other men. Still others were arrested at nearby Meridian.

In Washington, FBI Director J. Edgar Hoover said 21 men altogether have been named in criminal charges in connection with the deaths last June of Andrew Goodman and Michael Schwerner, two white New Yorkers; and James Chaney, a Negro from Meridian.

Hoover said 19 were charged with conspiring to interfere with federal rights and the other two with being accessories after the fact of a crime.

The FBI said its information would be made available to state authorities for possible murder warrants.

Deputy Price was the last person to acknowledge seeing the trio alive on June 21 and was one of those who helped remove their bodies from a giant earthen dam near here on Aug. 4.

Governors Split On Removal Of GOP Chairman

DENVER, Colo. (AP) — Republican governors split wide open today over a proposal by their chairman, Gov. Robert Smylie of Idaho, that they demand the ouster of GOP National Chairman Dean Burch.

But the state executives were nearly unanimous in agreement that something drastic has to be done to lift their party out of the abyss of the defeat it suffered Nov. 3.

Smylie, who said he would accept the national chairmanship if the party wanted him, declared in a speech prepared for the opening session of an extraordinary conference that the governors ought to have the stamina to recommend that the national committee "consider making appropriate changes in its leadership."

Symbol Of Rejection
The Idaho governor said, "We are a defeated party with defeated leadership." He said the GOP presidential nominee Sen. Barry Goldwater, as a defeated candidate, "is the symbol of a rejected alternative" to Democratic President Johnson.

Noting that Goldwater had said four years ago that Richard M. Nixon was "just going to be a Republican lawyer," Smylie said that Goldwater is in a similar category now.

"For that reason," he said, "we really are a leaderless party, because no one has earned the right to that leadership by winning an election."

But Smylie's "dump Burch" demand ran into instant opposition. Gov. George Romney of Michigan said on his arrival at the conference Thursday night that the Idaho governor's proposal for adoption of a resolution recommending Burch's ouster was "Gov. Smylie's idea, and I won't comment on it."

Romney, saying he is a team player and not a political "loner" as he has sometimes been described, said, "This is not the time to read anybody out of the party."

House Democrat Caucus Called In Lansing Today

LANSING (AP) — House Democrats called their first caucus today as they continued gearing up for a legislative takeover six weeks from now.

Most of the 72 Democratic state representative were expected to attend the afternoon caucus aimed at choosing next year's leadership and working out "as smooth a transition as possible," said Rep. Joseph Kowalski, D-Detroit. Kowalski is House minority floor leader and the leading candidate for speaker of the house.

The caucus was to be asked to elect a speaker. Other posts may not be filled until a later date, Democratic spokesmen said.

Nuclear Force Plans Revised

WASHINGTON (AP) — President Johnson evidently is prepared to agree to extensive changes in U.S. plans for a NATO nuclear missile force in an effort to secure British participation.

He also intends to handle the highly controversial project in such a way as to keep open the possibility, however slight, that France eventually may be persuaded to cooperate.

But he is determined not to let the present opposition of President Charles de Gaulle, who is building a French national nuclear force, block formation of the NATO force, which Johnson hopes can be started next year.

These points of administration policy emerged from a speech Johnson delivered Thursday at Georgetown University. Setting the stage for his meeting next Monday and Tuesday with British Prime Minister Harold Wilson, it appealed for unity among the Atlantic allies and denied the Atlantic alliance is "in the midst of crisis."

Rather, Johnson asserted, the alliance "is in the midst of change," and he argued that every great period of change in the alliance has been characterized by debate and dire warnings of trouble.

Military Reserves Marked For Cutback

SEN. JOHN J. WILLIAMS, R-Del., (left) makes a statement before walking out on the Bobby Baker hearings. Williams left after a clash with Lennox McLendon (right), special Senate committee counsel. (AP Wirephoto)

Hart To Revive His Dunes Bill

WASHINGTON (AP) — Sen. Philip A. Hart, D-Mich., said Thursday he will re-introduce the bill to create a Sleeping Bear Dunes National Lakeshore in western Michigan. He predicted it will pass.

He told a news conference he will propose a bill which includes provisions passed by the Senate a year ago. One of those provisions provided for a 51,000-acre park on the shores of Lake Michigan.

This is a scaled-down version of the bill originally proposed by Hart and Sen. Pat McNamara, D-Mich., calling for a 77,000-acre lakeshore park.

In discussing the Nov. 3 election results, Hart said the people of Michigan like the approach of President Johnson better than that of Sen. Barry Goldwater, the GOP presidential nominee.

Since he was identified with the Johnson approach, Hart said, he reaped the benefits. Hart was re-elected to a second six-year term with a majority of about 987,000 votes over Mrs. Elly Peterson, the Republican nominee.

Edward Kennedy Starts Walking

BOSTON (AP) — Sen. Edward M. Kennedy, D-Mass., was scheduled to begin increased periods of walking today in his New England Baptist Hospital room.

Hospitalized with a broken back since a plane crash last June 19 in Southampton, Kennedy took his first steps in the Boston hospital Thursday.

Baker Case Quiz Scans Role Of German Beauty

WASHINGTON (AP) — Sen. Reynolds has testified he was the "bag man" for Baker and Philadelphia contractor Matthew H. McCloskey in a deal to siphon \$25,000 into the 1960 Democratic campaign fund played in the Bobby Baker case.

Paul Aguirre, who has business interests in Puerto Rico, was scheduled among the opening witnesses on what could be the windup day of this round of the Senate Rules Committee investigation.

In a minority report filed after the committee's first hearings into the outside business activities of Baker, former secretary to Senate Democrats, the Republican members said: "The minority unsuccessfully fought to have Mr. Paul Aguirre called as a witness."

Hostess At Club
"Aguirre could have been asked what part Ellen Rometsch, or other like individuals, had in the promotion of Baker's financial interests or dealings with government officials, government contracts, and others."

"He could have been asked what interests Baker had, or sought to acquire for himself or others, in housing, gambling concessions, and other enterprises in the Caribbean area."

Mrs. Rometsch is the former wife of a soldier once attached to the West German Embassy here. She was a hostess in a luncheon club in which Baker was interested. She has returned to Europe.

Seven other witnesses were scheduled today, including Milton L. Hauff, who once made out income tax returns for Baker and Don B. Reynolds.

Defense Chief May Eliminate Duplicate Units

WASHINGTON (AP) — For the second time in two years, defense officials appear to be preparing for major surgery on military reserve forces.

Just what form that surgery will take is not yet clear. Studies have been under way in both the Air Force and the Army.

The service recommendations are awaited by Secretary of Defense Robert S. McNamara, who will make the final decisions.

Indications point to possible heavy losses for the Army and Air Force Reserve, perhaps virtual elimination of the Reserve and its merger with the National Guard.

Cost 2 Billion

The aim of any new streamlining would be elimination of wasteful and cumbersome duplication and strengthening of the readiness of Reserve forces which cost about \$2 billion a year to support.

Pentagon planners find it hard to understand why the Army and Air Force should maintain dual organizations — the Reserve and the National Guard — serving essentially the same purpose.

Little fault is found with the Marine Reserve whose 45,000 men would form a fourth Marine division and supporting air wing.

Officials claim it would be ready to go overseas in 30 days from call-up.

Action Too Slow

The Naval Reserve also escapes serious criticism, although officials feel it should be held to 126,000 sea-trained men rather than a larger force including thousands of men who do not train regularly.

It is in the nearly 400,000-man Army Guard and 300,000-man Army Reserve — as well as the 61,000-man Air Force Reserve — that defense officials profess to find flab.

The 75,000-man Air Guard stands in pretty high esteem with these officials.

McNamara's emphasis, so far as the Guard and Reserve are concerned, is on swift readiness for use in cold war or limited war situations.

He became disenchanted with them because of the slowness with which Army Guard units, reinforced by reservists, rounded into shape during the 1961-1962 Berlin crisis. Two Guard divisions needed five months to get ready after entering federal service.

Idle Rate Drops

WASHINGTON (AP) — The nation's unemployment rate dropped to 5 per cent in November, the second lowest figure since early in 1960, the Labor Department said today.

Today's Chuckle

There's a new organization called Beatniks Anonymous. If a member feels like taking a bath, he calls another member who rushes over and shuts off the water.

Mariner Takes Wild Roll On Jaunt To Mars

PASADENA, Calif. (AP) — The U.S. spacecraft Mariner 4 went into a wild roll early today, probably delaying for at least 24 hours an attempt to fire a rocket that would send it closer to Mars.

The malfunction — first serious problem since the launching of Mariner 4 Saturday — came at the start of a delicate maneuver to position the spacecraft for the firing of the small rocket in its base.

Jet Propulsion Laboratory scientists sent a series of commands which were to be stored in Mariner 4's electronic memory and obeyed later. These commands included giving up its lock on its celestial guidepost, the distant star Canopus, and starting to roll so its nose would be pointed closer to Mars.

At that time Mariner 4, launched Saturday, will be 1,084,344 miles from earth, apparently still well ahead of the Soviet Union's Mars-bound Zond 2, and 123,594,864 miles from Mars.

The "kick in the pants" will be a short burst from a small rocket in the base of the 575-pound spacecraft, to be ordered by radio as Mariner 4 passes over Jet Propulsion Laboratory's Goldstone, Calif., tracking station about 8 a.m.

At 12 noon Wednesday — the nearest comparative time, because Mariner 4's position is figured every four hours — the U.S. craft was 771,263 miles from earth.

Firing of its 50-pound-thrust liquid-fuel rocket was planned to increase Mariner 4's speed from 7,048 to almost 7,100 m.p.h. Just before the firing, tiny jets of steam were to roll the spacecraft and point it more directly at Mars. Hopefully, the burst would send it past Mars at a distance of about 8,600 miles next July 14, with a chance to snap the best pictures yet of the mysterious planet's surface.

Bombay Slums Visited By Pope

BOMBAY, India (AP) — Pope Paul VI visited a wretched slum area of Bombay today, comforting the destitute and the ill and wiping tears from his eyes as he talked with orphan boys of various faiths.

Thousands jammed the squalid streets, straining for a glimpse of the Roman Catholic pontiff. Rioting threatened as police fought to maintain a path for the papal entourage, but frantic loudspeaker appeals calmed the crowd moments before the Pope arrived.

The Pope opened his third day in India by celebrating an outdoor Mass in a Catholic school stadium. He then walked to a nearby orphanage for breakfast and from there drove miles through the teeming streets for one appointment after another.

"Many of us have no fathers," 13-year-old Tony Mascarenas said as he welcomed the Pope to the orphanage. "Many of us have no mothers. Some, like me, have no one in this world."

The Pope wiped his eyes as the boy continued: "You have left important people and grand places to see us in our poor home. We cannot give you anything because we have nothing. But we ask God to reward your holiness."

Council Hears Plea To Hire Planning Aide

The hiring of a professional planner as a major step in implementing a proposed urban renewal program study for Escanaba will be considered by the City Council at a special meeting to be held in the City Hall at 11 a. m. Saturday.

The Escanaba Planning Commission and a committee of the Retail Division of the Chamber of Commerce urged action toward a downtown planning study at an informal after-meeting of the Council last night.

Mayor George Rusch said the Council wanted time to consult with City Manager George Harvey and to consider all phases of the proposed programs before making a decision.

Action Urged

Dale Vinette, chairman of the Planning Commission, presented information concerning the recommended program and urged the Council to:

1—Authorize the city manager to look for and to hire a planning aide who would work with the city administration and the Planning Commission in planning functions.

2—Approve a plan for the purchase of additional off-street parking in the downtown area, using funds earmarked from parking meter revenues.

Mayor Rusch and other members of the Council indicated they saw the need for planning development as a community-wide effort, not confined to renewal or modernization of the city's downtown district.

Federal Aid

Present for the informal discussion after the regular Council session last night besides the Council members and Vinette were:

Ross Lowes, Lansing, and Aarne Ervast, Laurium, representing the Michigan Department of Economic Expansion; Bert Bowden, Escanaba, representing Upper Peninsula Committee on Area Progress; Joe Ivins, Kenneth Christensen and Jim Davidson of the Escanaba Planning Commission, and Dean Abbott, Forrest Henslee and Don Yost of the Chamber of Commerce Retail Division.

Lowes outlined the process by which studies are made and plans developed for participation in urban renewal programs. Approved urban renewal projects receive 75 per cent federal aid and cost the local community 25 per cent of the project total.

Values Decline?

Vinette described the Planning Commission's findings that indicate a need for action toward solving problems of the downtown retail district.

Declining property valuations and the continuing threat of shopping decentralization could leave the heart of the business district a blighted area and remove the city's most valuable assessed valuation property base.

Acquisition of additional off-street parking sites was urged. Forrest Henslee told the Council that he believes arrangements could be made by the city to obtain low interest loans for such purchases, the loans to be paid off from parking meter revenues. The earmarking of 20 to 25 per cent of the meter funds for this purpose was suggested.

The Council indicated its interest in strengthening its planning manpower said recognized that the city is presently without professional planning help, and promised consideration of the recommendations made by the Planning Commission and Retail Division committee.

Cleaning of the public parks and corridors of the Houses of Parliament costs \$89,000 a year.

Masons Elect New Officers

Dr. Vernon K. Johnson, Escanaba dentist, was elected worshipful master of Delta Lodge No. 195, F. & A. M., at a meeting Wednesday night. He succeeds Richard G. Nelson.

Other officers for the coming year are:

Clarence R. Shiner, senior warden; Glenn E. Matheson, junior warden; Kenneth Christensen, treasurer; George M. Haberle, secretary; Robert M. Jenshak, senior deacon; Edward M. Kuivinen, junior deacon; Dalip Rehnquist, tiler.

An open installation of the officers-elect will be held at the Masonic Temple at 8 p. m. Saturday, Dec. 5. All Masons, their families and friends are invited to attend.

A short program will be presented in addition to the installation ceremonies. At the close refreshments will be served.

Former Escanaba Youth Successful Theatre Operator

HEALDSBURG, Calif. — Movies to most high school youths make a good Saturday date.

For the more fanciful there are dreams of Hollywood glitter. But for Frank St. Cyr Jr., son of former Escanabans Mr. and Mrs. Frank St. Cyr Sr., movies are strictly business.

Young Frank is the youngest theatre owner in California. Last April Frank and his dad bought a theatre in Cloverdale, Calif., and formed the St. Cyr Theatre Co. The idea was that profits from the company would be used to put Frank Jr. through medical school.

"You need money to attend a university, especially for a medical degree," the youth said. "I feel that the theatre will help pay for my education. That's why it is so important to me."

A member of the Cloverdale Junior Chamber of Commerce, Frank Jr. handles all the bookings and buying of films for the company.

According to San Francisco distributors, he is youngest representative in a 12-state western area.

Which, in the land of movies, is a pretty fair accomplishment for a 16-year-old high school senior.

The American Medical Association was founded May 5, 1847, in Philadelphia, Pa.

Dr. Vernon K. Johnson

Invite Parents To Junior High Monday, Dec. 7

The annual report card conference for the Escanaba Area Junior High School will be held on Monday, Dec. 7. Students in the 7th and 8th grade will not have school on this day. Teachers will be in their rooms to confer with parents from 9 a. m. to noon and from 1 to 4 p. m.

On Friday, students will bring home their report cards for the second marking period and a list of teachers, subjects, and room numbers. The Student Council will provide guides to help parents find the rooms.

With the large number of students involved, and each having several teachers, it is not possible to arrange appointments. However, all parents are urged to attend and talk with some of the teachers, even if they can not stay to see them all.

There will be regular school for the 6th graders, the buses will operate, and hot lunch will be served.

Isabella

Mr. and Mrs. Eldridge LeVigne and Mrs. Emil Hall left for a week's vacation at the home of Mr. and Mrs. Elmer Hall Jr., Muskegon.

Mr. and Mrs. Albert Gouin and family of Green Bay spent the week end at the home of her parents, Mr. and Mrs. Felix Cayemberg.

Mr. and Mrs. Harvey Sundin attended the performance of "South Pacific" Monday evening at Escanaba Area High School.

Mrs. Rose Nepper left for Chicago to visit her daughter, Mrs. Gus Moberg, and her sons, John and William Morrison.

Mr. and Mrs. Norman Morrison and Ikie and Norma Kay returned to Belleville after visiting at the Isadore Bonifas home.

Soo Hill

Hilltoppers Meet
Soo Hilltoppers held a meeting Tuesday evening at Soo Hill School and made plans for a Christmas party to be held Dec. 15 at 6:30 p. m.

Legion Basket Gifts Sought

Contributions are being received from various benefactors in the area for the Legion Christmas basket program.

Local banks are also accepting contributions: John Greene at the First National Bank; Elmer Bonifas, Escanaba National Bank; Arthur Arch, State Bank of Escanaba; or gifts can be mailed to American Legion Christmas Basket Program, Postoffice, Escanaba.

Contributions, however small, will be gratefully received, said Chairman Elmer Olson.

Needy families in the community are asked to send a letter or card stating ages and sex of the children in the family, also indicating if it is possible to pick up a basket on the morning of the 24th at Legion Club.

This request should be mailed to Reynold Gustafson, commander of American Legion Post 82, 1711 1st Ave. S., or to C. Elmer Olson, chairman of the Christmas Basket Program, 1005 8th Ave. S.

Allen Listed In Who's Who

HOUGHTON — Thirty-five Michigan Tech students, most of them seniors, are listed in the 1965 edition of Who's Who Among Students in American Universities and Colleges. They have been chosen for inclusion on the basis of scholarship, citizenship and school service.

Among those named to the list is James M. Allen, son of Mrs. Alice Allen, 1808 Fifth Ave. S., Escanaba. Allen is a senior civil engineering major at Tech.

Club Meeting At Hendra Home

BARK RIVER—Mrs. Clarence Ray presented the lesson, "Sewing on Foam Laminates and Stretch Fabrics," at the Monday evening meeting of the Wilson 47 Home Study Club held at the home of Mrs. Richard Hendra in Harris. Mrs. Ray had samples of fabrics but said sewing on these fabrics was not recommended for beginners. "Select patterns of very simple design," she said "and patterns that are suitable to the material. The upper and lower tension on the machine used must be loosened for these fabrics."

A Christmas party for members and their husbands will be held at the Wildwood Country Kitchen in Hermansville Wednesday, Dec. 16. Secret pals will exchange gifts and reveal who they are. Names will be drawn for the next year.

The next lesson will be "Wills and Distribution of Property" and will be delivered at the meeting Jan. 19, at the Ronald Kleiman home in Wilson.

The group will set up a Christmas Workshop display in the library of the Bark River Harris Elementary School, Thursday, Dec. 17. Patterns and directions will be available for those interested in making any of the articles.

4-H Club Party
The Bark River 4-H Busy Bees will hold a Christmas party, Monday, Dec. 7, at 6 p. m. in the Bark River-Harris Elementary School. There will be an exchange of gifts and refreshments.

More people get more news from newspapers than from all other sources combined.

White-Tail Kill Near 118,000

LANSING (AP)—Latest estimates from the State Conservation Department place the deer kill during the recent firearms season at nearly 118,000 white-tails.

This was down from last year's estimated take of 124,000 deer but still the third highest crop on record.

The estimate will be cross-checked later by a post card poll of hunters.

The preliminary estimate is for a kill of 68,850 bucks and 48,750 antlerless deer. This is below earlier predictions.

The drop is attributed to rain during the opening day in the northern Lower Peninsula and severe snow storms in the region during the second weekend of the season.

Compared to a year ago, the harvest in the region dropped by about 8,500 animals.

The Upper Peninsula take was about the same as last year, with the estimate putting it at only 400 deer less.

The Seas of Serenity, Tranquility and Vapours are found on the moon.

Briefly Told

The Lions Club's annual deer-slayers' night program will be held at the Sherman Hotel beginning at 6:45 p. m. Monday. Norman Arntzen is the 1964 deer-slayer. Lions members are asked to bring a gift, wrapped and marked for male or female, which can be presented to Newberry State Hospital.

The regular monthly meeting of Teamsters Union, Local No. 328, will be held Saturday, Dec. 5, at 7:30 p. m. at the Union Headquarters, 900 1st Ave. S. The Ladies' Auxiliary will meet at the same time and all wives of members are invited. Arnold Williams of the Social Security Administration will speak on Social Security benefits. Refreshments will follow.

Form Corporation To Promote July Boat Race Here

Escanaba and Delta County moved ahead this week with plans to stage an unlimited hydroplane race on Little Bay de Noc next summer with formation of a corporation to finance and promote the race.

The Bay de Noc Regatta Association, original group formed to make preliminary studies concerning the race, was dissolved.

Officers of the new corporation are Claude Tobin Jr. of Escanaba, president, Ron Watson of Gladstone, vice president, Walt Lewke of Escanaba, secretary, and Carl Wickman of

Escanaba, treasurer. A Board of Directors has not been named.

The American Power Boat Association, meeting in Rochester, N. Y., last month, tentatively awarded July 11 as Escanaba's date for the race.

Good Site

A communication from E. A. Steiner Jr., president of Unlimited Inc., a division of the APBA, confirmed the Escanaba date and acceptance of Escanaba's bid of \$15,000 prize money plus \$500 per boat.

A boat must make a legal start in the race to qualify for the \$500 appearance money.

Jim Herrington of Detroit, owner of Mariner Too, a boat which made trial runs on Little Bay de Noc in October, told the local group that Escanaba would be a good site for the race.

Tentative plans call for a race course between the Coast Guard Sand Point light station and Chicago & North Western ore docks.

Earlier, it had been thought that the 3-mile oval course could run beyond the light to allow spectators to watch from Sand Point. Col. Warner Gardner, driver of Herrington's Mariner Too, said that ground swells beyond the light, however, would make that course too dangerous at the high speeds attained by the boats.

Test Runs Here

A qualifying speed of 100 miles per hour, an increase of 10 mph over the 90 mph previously required, was approved at the APBA meeting.

Local officials said that pit areas for the boats would be built at the Escanaba Municipal Dock. At least 10 boats and possibly 15 are expected for the race.

Herrington also told the local group that he expects to bring his boats—Mariner Too and Miss Eagle Electric—to Escanaba for pre-season tests next May because of problems in obtaining the Detroit River for tests runs.

In order to test in the Detroit River, the Coast Guard has to close shipping in the busy channel and it is difficult to properly tune a boat for competition without extensive tests, Herrington said.

The 1965 racing season for unlimited craft begins June 20 at Guntersville, Ala.

BLUE SHIELD ANSWERS YOUR QUESTIONS

Blue Shield covers treatment for pre-existing illnesses

? I have an ulcer which may require surgery. Will Blue Shield cover the cost of the operation after I become a member even though I have suffered from this condition for years?

Yes. Blue Shield provides a benefit for pre-existing illnesses immediately after the effective date of the contract if you belong to a group. If you don't belong to a group there is a six-month wait after the effective date before these conditions are covered.

? Suppose I have an accident around the house that requires treatment by my doctor. Will Blue Shield pay benefits even if I'm not admitted as a hospital patient?

Yes. Blue Shield provides regular benefit payment for all services covered in the Blue Shield contract in case of non-occupational accidents.

? When I get married can I include my wife for Blue Shield coverage and if so, when will her coverage start?

Yes, you can add your wife (or husband) to your contract by notifying Blue Shield directly or through your payroll or personnel department within 30 days before or after the marriage. Coverage becomes effective on the date of marriage.

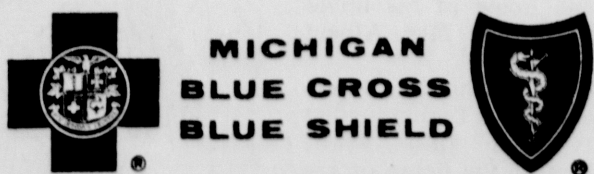

? I have lost my Blue Cross-Blue Shield identification card. How can I get another one?

Send a letter or postcard to Blue Cross-Blue Shield, 441 E. Jefferson, Detroit 26, or notify your group contact person. Be sure to include your name and address and the name of the company where you work, or other group in which you are enrolled.

? When I started working at my present job I did not take advantage of the opportunity to join our group Blue Shield plan. Can I still join?

Yes. You can still get Blue Shield group coverage, but you must wait until your group holds an enrollment reopening period. Most groups have these reopenings once each year.

Do you have a question about your Blue Shield coverage? Just write Dept. 54, Michigan Medical Service, 441 E. Jefferson, Detroit, Michigan 48226.

Now! Join Blue Cross-Blue Shield without belonging to a group if you are under 65. Get your application from your doctor, hospital or nearest Blue Cross-Blue Shield office.

U.P. Realty Is Growing Market

ISHPEMING — The Upper Peninsula Board of Realtors meeting at the Mather Inn Thursday elected J. Wellington Huss, Ironwood realtor president to succeed Jack Specht of Sault Ste. Marie. Huss is a native of Bark River.

Louis Paris of Gwinn was elected vice president and Leo Carlson of Marquette secretary-treasurer. Directors are Earl Closser and Everett Senobe, Marquette; Richard Juetten, Escanaba; Howard Billings, Iron River; Walter Nowack Jr., Menominee and Max E. McCormack, Iron River.

The realtors reported a developing market in the U. P. for real estate, especially for recreational properties.

A dinner for the realtors and their wives with a holiday program followed the meeting, which was addressed by Jean Worth, editor of the Escanaba

Daily Press on the Upper Peninsula's real estate market image. Worth said that the new nobility of Americans seems not well understood by the public in terms of U. P. property transfers. One American family in five moves every year and this affects the U. P. and breaks its old pattern of static populations, with many persons born in a community, resident there all their lives and buried there.

The present high turnover of homes has brought a lot of "For Sale" signs onto houses in neighborhoods where there were few or none for more than a half century and this leads to comment that "the town is going to the dogs — everybody is moving away."

This is not true, it's a turnover and not vacating, said Worth and he declared that it

brings another misconception that is harmful to the Upper Peninsula's real estate image. This is that it's hard to sell properties here. The speaker cited instances in which persons moving to Escanaba had had difficulty in disposing of their homes in Los Angeles, Phoenix and elsewhere in places which are apt to be regarded in the U. P. as "hot" real estate markets because of their dynamic growth.

It is a commonplace, the speaker said, for persons to report that they "lost" several thousand dollars on their homes in such markets, so it is not just something that happens in the U. P. in a seller's market "and it needs further qualification because people who sell their homes expect to get what they paid for them with no depreciation for years

of use and this is not realistic in today's real estate market." Realtors from Delta County who attended the meeting included Art Goula, Warren Johnston and Richard Juetten of Escanaba; Charles Burton of Gladstone and Leslie Caswell of Rapid River.

Government Waste

The waste in the national defense establishment has been well known for a long time. The continuance of naval shipyards and army camps and other installations that were no longer needed because to close them would cause a congressional eruption was accepted as a fact of political life.

And then along came Defense Secretary McNamara with the unexpected. He began reducing such installations shortly after taking office in 1961. There was some head-shaking among politicians and service people, of course. They said that he was a new boy who was used to the ways of Ford Motor Co., which closed plants that were no longer useful, but that you couldn't do such things in government. The repercussions were too great. McNamara would go.

He had to have executive backing, of course, to carry out retrenchments for efficiency and economy. He got it from President Kennedy and he's getting it from President Johnson. The actions have been proper and they have been impressively courageous.

And now Secretary McNamara has done it again, ordering the closing, phasing out or consolidation of 95 military establishments; 80 of them in the United States and the rest abroad. When the closings are completed 63,401 jobs will have been ended, for an annual saving of \$477 million.

These economies will be added to the \$577 million a year savings already ordered by McNamara in the closing of 574 installations earlier, eliminating 85,834 jobs. The earlier closings did not affect installations as large nor as politically sensitive as those in the most recent sweep, which included such huge and historic bases as the Brooklyn Navy Yard.

Everywhere the first public reaction was: "How are we affected?" In the Upper Peninsula the first inquiries were about the continuance of K. I. Sawyer and Kincheloe Air Force bases. They are new and strategic units and they are retained.

Elsewhere the expected deluge of criticism poured out on McNamara. Many of the top political leaders of the nation protested publicly at the closing of installations in their states. It is a sort of ritual dance which is supposed to impress the folks back home that our Senators and Congressmen are looking after our interests and are not going to let the government be efficient if it means closing out needless jobs in their districts.

It's heck on the persons whose jobs are affected and they were humanly bitter. Why couldn't the economies be elsewhere? But the protests urged that the government forget economies and take care of them. This attitude cannot make a good Defense Department because it saddles it with huge costs for inefficient or needless establishments, and certainly it cannot make good government. The furor was short-lived, although there will be repercussions.

The implications of the McNamara order and of the Congressional opposition to it are huge. If Congress could prevail with its protests government would constantly enlarge itself and make itself more inefficient; never discarding old fixtures and always adding new ones. Government already is heavily burdened by this system and a breakthrough of the size of the McNamara order is a healthy thing economically, and in the end should even prove good politics.

The belief that an obsolete military base is necessary to local prosperity is a pipedream. It is more apt to be like a cemetery with an oversized payroll, operating under a cloud and fearful every year that it's existence will be sensibly ended by an order for closing. A community limping along on such a broken crutch is using its energies to plead for poor and preferential government when it could be seeking a new usage for the facility with some growth potential. This has actually happened in many places where former military bases have been converted into industrial parks, universities, and other establishments which gave their communities growth instead of the slow tick of a time bomb.

There's a lesson for all government in the Defense Department action. Local government is as reluctant to change as federal government. In 1965 the Michigan Legislature will debate county home rule and we can expect to see a great protest about why it won't work and isn't needed. But it is.

Crime Increases

Crime is a social problem and thus the concern of the entire community, not just the police officers that it hires to cope most directly with it.

This richest nation in the world, spending increasing billions on education that should have an end result in improved morality and social conduct, should note with concern the report of the Federal Bureau of Investigation that in the first 9 months of 1964 crime in the United States showed a 13 per cent increase over the same period a year ago. All categories of crime showed increases, from a 10 per cent rise in murder to a 21 per cent rise in forcible rape. Auto thefts rose 16 per cent.

In cities with populations of 25,000 or more, crime increased 12 per cent while rural areas had an 8 per cent rise.

All geographical regions experienced crime increases and it should be no comfort for the North Central States to note that they had a crime increase of 12 per cent while the Southern states increased 20 per cent.

Investment

A little more than 43 million future pilots, firemen, policemen, nurses, mothers and maybe a president or two are attending the nation's public elementary and secondary schools this year.

To educate them, Americans will spend \$23 billion. This figure includes all operating expenses, salaries, debt payments and costs of repairing old schools and building new ones. It is a preliminary estimate made by the National Education Association.

On the basis of total enrollment, a six-hour day and an average of about 178 school days a year, the cost of building citizens comes to 50 cents per pupil-hour.

Anyone doubt it's a bargain?

Birth
Mr. and Mrs. Matt Lesnieski of Harris have received word of the birth of a daughter, Melanie Ann, to Mr. and Mrs. Theodore Gnall, 5665 North 56th St., Milwaukee at 6:20 a. end.

m., Nov. 24, at St. Michael's Hospital. Melanie weighed 4 pounds, 5 ounces at birth and will remain in the hospital until she weighs 5 pounds. Mrs. Gnall is the former Janet Lesnieski. Mrs. Lesnieski visited Theodore Gnall, 5665 North 56th St., Milwaukee at 6:20 a. end.

Washington Comment

By RAY CROMLEY

WASHINGTON — (NEA) — Some of the criticisms leveled at J. Edgar Hoover's Federal Bureau of Investigation in recent weeks indicate there is much misinformation on what the FBI is and what it is permitted by law to do.

First—the FBI is not a national police. By law, it cannot go into a state, county, city or town and take over from local officials. It must work through and with local officials, though it may conduct independent investigations of federal violations.

Second—by law, the FBI has no power to protect anyone—whether the president of the United States, other government officials, civil rights workers or persons being illegally deprived of the right to vote.

Protection comes under the Secret Service, the federal marshals, the state and local police. If the local police do not provide adequate protection for a man or woman, or if the local police or sheriffs are inefficient or corrupt, there is nothing the FBI can legally do about it.

On occasion, the Secret Service has borrowed FBI men to help it in guarding the president. But these agents are on loan and are not (while on such guard duty) working under orders from the FBI.

Third—the FBI does not decide who in the government is a security risk and who isn't. Some officials are fond of saying "I have an FBI clearance." These officials are mistaken. None except an FBI man has an FBI clearance.

By law, the FBI cannot say this man or that should not be hired because of his past—be-

cause he is a potential spy, because he drinks too much, because he may have loyalty to a foreign government, because he talks too much, because whatever knowledge he picks up may be for sale, because he may be a homosexual or because he may have a weakness for women or horses.

The FBI is allowed only to report the facts, statements and other evidence its agents pick up from interviewing people and looking up records and such.

The FBI is not allowed to make evaluations of this evidence or reach conclusions as to whether the man or woman investigated is or is not a security risk.

One exception: The FBI does decide on the suitability of all FBI personnel.

The government department or agency employing, or interested in employing, a man or woman takes the FBI evidence and makes its own evaluations and its own decisions as to whether to grant a security clearance or not. That is, the decision is made at the White House, the State Department, the Department of Defense, or wherever.

Fourth—the FBI doesn't normally investigate the backgrounds of Senate or congressional staff employees. Any such investigations are normally made by the Senate or House Committees concerned. (There are certain committees which can ask the FBI for assistance.)

The FBI's director, and a succession of presidents and congressmen, have taken part in keeping the FBI's functions strictly limited. The fear has been that if the FBI or any similar federal agency were given police-decision powers, it could be the first step toward creating a possible police state.

Memory Lane

By J. R. LOWELL

Ten Years Ago

Santa Claus paid his annual pre-holiday visit to Escanaba yesterday, but surprised everyone by making his appearance in a—you'll never guess—a fish boat. The snow was so bare in spots that the reindeer refused to go further. But Santa was as jolly as ever and his gifts for the kids were just as profuse.

A landmark at 319 Ludington St., is being razed to make way for the new state office building shortly to be built. It is the John K. Stack building, built in 1890 by the first local member of that well known family. Many people are expressing regret that its has to go because it was built to last. The Eskymos started their cage season this year with a thrilling 54-53 win over Marquette. The Gladstone Braves were sharp last night and beat the Holy Name Crusaders by 83-61. Manistique lost in a last minute rally by the Soo, 50-57.

Twenty Years Ago

Nels O. Nelson, 56, of 211 S. 22nd St., died suddenly yesterday from a heart attack. A long time employee of the Reiss Coal Co., he had up to the time of his death appeared in the best of health.

Marine Pfc. C. R. DePas of Wilson, serving in Guam, is credited with killing off 20 of a gang of sniping enemy lying in ambush.

Though only recently out of commission, the S. S. Wolverine, first iron hulled ship to sail in these parts, is still sea-worthy and afloat at the Presque Isle harbor. It was launched 100 years ago this week.

Thirty Years Ago

Steel for re-enforcing the concrete at the new post office building at Gladstone has arrived and concrete will be poured about Tuesday of next week.

Gustave Verhamme, 49, and Margaret Drum of Gladstone, were killed yesterday in a motor accident near Plymouth, Wis.

Germfask

Maynard Fryers and Wilbur Hynes of Flint visited Mr. and Mrs. Ted Skarritt and hunted in this area.

Mrs. Evelyn Lewandowski and children of Dalton, Ill., spent the holidays at the home of Mrs. Thurman Skarritt.

Mrs. Effie Nelson of Seney and Sault Ste. Marie and son Norman Jr. and family of Garden City visited relatives.

Mr. and Mrs. William Freeman and children of Kalama-zoo spent the Thanksgiving holidays with Mr. and Mrs. Palmer Lawrence.

Mr. and Mrs. Fred Papple and family brought Mrs. Papple's parents, Mr. and Mrs. Glen Losey Sr. back to their home here from Mequon, Wis. where they have been visiting.

Robert Nickerson of Manchester is spending a few days here at the home of his uncle and aunt Mr. and Mrs. Albert Nickerson.

Gary Orlich, who is attending Michigan Technological University at Houghton, spent the holidays at the home of his parents, Mr. and Mrs. George Orlich.

Mr. and Mrs. Morris Benson and family have returned to their home at Wausau, after visiting Mrs. Benson's sister, Mrs. Robert Jack.

Letters To Ann Landers

Contributions are welcome. They cannot be over 300 words and must be signed with name, address and phone number of writer and names will be used. The right to condense letters is reserved.

DOG PROBLEM

Who is to blame for the surplus dog population in Delta County? Answer: The owners of female dogs who let them produce litter after litter. They are responsible.

Litter after litter is sold or given away to flood the county with dogs. If you have given away or sold one female dog or cat, you have unwittingly contributed to it.

You may believe that because you found "good homes" for all of your pet's litters, that you have done right. You haven't. Your act forced others to be thrown by the wayside to die or to be given to anyone who will take them.

At this moment there are 15 million homeless dogs and 25 million homeless cats starving and suffering, trying in vain to find food, water and shelter, when there is none.

Ten thousand puppies and kittens are born every hour in the United States. There are only 55 million families, so there are not enough homes for them.

Help get at the source of the problem. Have a veterinarian spray your pet. One female dog given out a month, in a year would produce 216 dogs or more. Have your pet spayed!

The "dog problem" is everybody's problem. What is needed is the cooperation of every dog owner in the county. Please do your part.

It is to be hoped that Delta County will give serious thought to the organization of a Humane Society.

Moocher Claims He Quit Smoking

Dear Ann Landers: A certain man in this office has been bragging to everyone in sight that after inhaling two packs a day for 15 years he has quit smoking. What he means is he has quit buying cigarettes.

Every time I look up, he's begging a cigarette from somebody. Last week he bummed at least 10 cigarettes from me and I am sick of it.

This morning I reached the end of my patience. When he came by my desk and asked for a cigarette I said, "Why don't you buy your own for a change?" He replied, "Because I have quit smoking. If I buy cigarettes I'll start smoking again, and the doctor says I shouldn't."

What would you do in a case like this, Ann Landers? — STUMPED

Dear Stumped: The next time the moocher comes by and asks for a cigarette remind him about the doctor's orders.

Give him a mint instead. In fact, be a sport and give him a whole roll of mints. This might make him feel so cheap that he could either start buying his own cigarettes or his own mints.

Dear Ann Landers: Some close friends returned from vacation \$2,000 richer. They figured out a system to beat the dice tables. It worked like a charm.

One friend has offered to cut my husband in on the system for \$1,000. I'm against it. My husband says we've got to be crazy to pass up a chance like this. I know it's a long shot but is it worth the investment?

Dear Guesser: Who do you think pays for the thick carpets and the fancy trimmings in those gambling joints? Wise guys like your friend who thought they could outsmart the experts.

Some people like to gamble for the fun of it and I have no quarrel with them — if their bills are paid.

The most sensible system for people who gamble for entertainment is this: Set aside whatever you can afford to throw away and never miss.

Consider it the price of the evening's fun. When it's gone—and it will be — go home and forget it.

Dear Ann Landers: I am the

mother of a retarded child. I read with interest the letter from the girl whose 15-year-old brother is retarded.

The father of the boy was mistaken when he said, "The boy is a fool and nothing can be done about it." The mother was wrong, too, when she said, "This is our cross and we must bear it." A great deal can be done to help retarded children. The mother and father who do nothing are fools and society bears the cross after the do-nothing parents pass on.

There are 5,500,000 mentally retarded children and adults in the United States. Each year approximately 120,000 join this group. It would be disastrous if all parents thought this way.

Retarded children are not stupid and they are not crazy. They can learn if someone will take the time and patience to teach them.

Too often the retarded child is spoiled because he is allowed to get away with things for which the normal child would be punished. Doesn't it stand to reason that any child who is undisciplined will grow up to be a problem to himself and to others?

Parents of retarded children have an obligation to educate themselves so they can help their children develop their abilities to the maximum. They can get information from their city, county or state Association for Retarded Children. Or they may write to the National Association for Retarded Children, 386 Park Avenue South, New York 16, N. Y. —A MOTHER

Parents are people — they can be right and they can be wrong. To help understand their viewpoint and to promote harmony at home, write for Ann Landers' booklet, "How To Like With Your Parents," enclosing with your request 20c in coin and a long-self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year . . . more than all television spot announcements or radio advertising.

MANISTIQUE

Santa Coming Here Saturday

Santa Claus will visit Manistique Saturday, coming in a cutter through the city. Mrs. Santa and his elves will be with him.

His parade begins at city hall and will extend to Fifth St. Afterwards he returns to the Lincoln School gym where he'll be present from 10 a.m. to noon and 1-3 p.m., to meet his friends.

Candy and a gift will be given each youngster.

His visit is arranged by unions, service clubs, business, and industry in the Christmas season.

More than 2600 are expected from Manistique and surrounding area.

Hospital

Hilma Scharstrom, Ruth Kerbridge and Mary Bonetkoe and baby were discharged from the Schoolcraft Memorial Hospital.

Rites Held For Mrs. Blomquist

Funeral services were held at 3 p.m. Tuesday from McCabe Funeral Home in Detroit for Mrs. Anfred (Nellie) Blomquist, 65, a former resident who died Nov. 29 there.

The Rev. John B. Forsyth of the Congregational Church assisted at services and interment was in Grand Lawn Cemetery.

Surviving are her husband, also a former resident, a son, Jerry in Detroit; two daughters, Mrs. Hoyt (Dorothy) Miller of Michigan City, Ind., and Mrs. Jack (Catherine) Irwin of New York City; 9 grandchildren; two brothers, William Caffey of Germfask, and Ted Caffey of Sault, Mich., and four sisters, Mrs. Frank (Madge) Beckman, Manistique, Mrs. Marian Tomlinson, Independence, Mo., Susan Caffey, Manistique and Mrs. Lawrence (Martha) Peterson of Gulliver.

A daughter, Jean died in 1960.

Mrs. Blomquist was born here March 22, 1899.

Johnson Again Heading Demos

C. Vern Johnson was re-elected chairman of the Schoolcraft County Democratic committee for a two-year term, at a meeting in the courthouse Tuesday. Other officers are Mrs. Dean Deloria, vice chairman; Earl H. LeBrasseur, re-elected secretary; and Raymond Hughton, treasurer.

Fred Lesica was acting chairman of the convention, attended by delegates and members of the group's executive committee.

Plans were made to hold a Democratic victory and testimonial dinner Jan. 17. C. Vern Johnson and Mrs. Harold Hughton, who has headed the Democratic Women's organization the past two years, will be honored for their service and contribution, named to the arrangements committee were Ed Carlson, Mrs. Earl H. LeBrasseur, and Mrs. Dean Deloria. Frank Gierke and Harold McNamara will be in charge of ticket sales.

A local group will attend the 11th district meeting at Mar-

City Briefs

Four generations were present for the Thanksgiving Holiday at the Stanley Norton home when Mr. and Mrs. Paul Farley, Utica, arrived here to spend the holiday with her parents. The four generations were Mrs. Anna Norton, Stanley Norton, Mrs. Paul Farley, the former Sharon Norton and her daughter, Debbie. Also present were Mr. and Mrs. Curt Norton.

Births

Mr. and Mrs. Jerry Clifton, Cooks are the parents of a daughter, weighing 7 pounds 8 1/2 ounces, born Dec. 3 at the Schoolcraft Memorial Hospital. The baby has been named Annette Jane. Mrs. Clifton is the former Judy Erickson.

quett Sunday at 2 p.m. Raymond Cleveland and Homer Hilton Jr., will be in charge.

The committee will meet again in January to name other members of the county committee. Election laws under the new state constitution stipulate officers be appointed between Nov. 4 and Dec. 3 and the balance of the officers, precinct groups, between Jan. 1 and Jan. 30.

St. Bernadette Circle Holds Yule Party

St. Bernadette Circle held its Christmas party Dec. 2 at the home of Mrs. Marcus Burns with Mrs. Ronald Tebo assistant hostess. Following a potluck supper devotions and a meeting were held, after which the members exchanged gifts and played games. Winners were Mrs. Paul Dragos and Mrs. Matt Stefanz in 500; Mrs. Frank Krzyanski, and Mrs. Clifford Lehman in Bunko. The special prizes were awarded Mrs. Paul Perry and Mrs. Clifford Lehman.

Special gifts were given to Rt. Rev. Msgr. F. M. Scherlinger and Rev. Terrence Donnelly, Mrs. Kenneth Caron, Mrs. Margaret Wicklund and Mrs. Robert Johnson.

The Kremlin, meaning simply "citadel," is the oldest and most strategic part of Moscow. Within the walled fortifications are old royal palaces, government bureaus and churches where the czars were crowned and buried. Some government offices, including that of the Premier, are still located there.

Altar Society Has Program

Tuesday evening St. Anne Altar Society enjoyed its annual Christmas party in the parish hall. The program featured the Christmas story in song and Scriptural readings by Mrs. Eugene Johnson, who accompanied herself on the zither. The large number of ladies present sang Christmas carols, with Mrs. Roy LaMarche at the piano. Luncheon was served by St. Martin and Our Lady of Fatima Circles. Msgr. F. M. Scherlinger spoke of the Advent season, the church's teaching on the Coming of the historical Christ at Bethlehem, the Christ of mystery in the Eucharist each day, and the final Coming of Christ at the end of the world.

There was an exchange of gifts and an offering was given for the orphans of the area.

Briefly Told

The Eastern Star meets Saturday at 8:15 p.m., in the Masonic Temple. A Christmas program will be presented. Members will bring gifts for children.

Mrs. Leon Nicholson, 419 Range St. will entertain Past Matrons of Ida Chapter O.E.S. at her home Monday, Dec. 7, at 8 p.m. It will be the annual Christmas party.

State Police ticketed Carl W. Knuth, 426 Riverdale, for being a minor in possession of alcoholic beverage. Fine of \$25 and costs of \$2 were assessed in Justice Court.

Foresters Plan Christmas Dinner

The Women's Catholic Order of Foresters meet Tuesday in the St. Francis de Sales School basement for a 6 p.m., Christmas pot luck dinner. Turkey and trimmings will be furnished by the order. Gifts will be exchanged.

Women's Activities

First Methodist WSCS Enjoys Yule Program

"Where Will You Be at Christmas?" was the topic during the meeting of the Woman's Society of Christian Service of the First Methodist Church Thursday afternoon. The worship center had, on one side, the creche and on the other side, holly, gifts and cookies that seem so important to our Christmas season.

Mrs. John Hebert, speaker, told of the first Christmas with the innkeeper not realizing that the Saviour was to be born in his stable, of the shepherds, of the Wise Men and their journey. She then spoke of modern days, "Are we putting too much emphasis on the bustle and bustle of baking, cards and gifts and forgetting the true meaning of Christmas?"

Mrs. George Semmons sang "Sweet Little Jesus Boy" accompanied at the piano by Mrs. Clovis Colvin. The group joined in the singing of many of the beloved Christmas carols. Mrs. Clinton Dunathan was the devotional leader for the afternoon.

During the business meeting announcement was made of the Adult Fellowship meeting, Saturday, Dec. 12, and the Methodist Men's Ladies Night banquet, Dec. 14 at 6:30 p. m. Over 50 gifts were collected which will be gift wrapped later and sent to Newberry State Hospital to be distributed at Christmas.

Christmas Tea Sunday At Bethany Church

The festive holiday season opens at Bethany with the annual Christmas Tea. The Church Women extend a warm welcome to all in Escanaba and the surrounding communities to join with them Sunday, Dec. 6 at 3 p. m. in the church sanctuary.

A delightful skit, "Again the Angels Sing", written by Ralph Barber of the Whitman School in Marquette, will be presented by members of Miriam Circle. They will be dressed in costumes of many countries.

The story will be told of an angel choir that had always appeared to sing in a great cathedral on Christmas Eve, but had never been heard since the dark days of Pearl Harbor. Though all nations had come to the altar bearing gifts, the miracle did not take place. The climax tells what had to occur on earth before the angels' beautiful song could again be heard.

Eight little angels, complete with halos, will appear. Carols will be played by the bell ringers, and a children's chorus also will sing.

Webster PTA Public Meeting Monday Night

An important meeting of Webster Parent Teacher Association, open to the general public, will be held at 7:30 p. m. Monday, Dec. 7, in the school.

Tom Hughson will present the colored sound film, "Our Schools Have Kept Us Free," which tells of the great influence and importance of an informed, educated electorate from the time the world's first community supported public school system was established in 1647 to the present day.

Luther Barrett, superintendent of Escanaba Area Public Schools, will speak briefly on the significance of the December school election and will answer any questions on the millage issue.

Varied Stories Saturday Morning

Boys and girls will enjoy Story Time especially, this week, when they hear of a house that doesn't want to be sold, a hippo that wants to be useful, and a little badger that just will not eat anything but bread and jam. All boys and girls of the age of three and above are invited to attend. The program will be held, as usual, at 10 a. m. Saturday in the Children's Room of Escanaba Public Library. The stories will be: "The House in Sunflower Street", "Veronica's Smile", and "Bread and Jam for Frances".

Annual World Missions Appeal Begins Saturday

The 61st Annual World Missions Appeal, sponsored by the Escanaba Seventh-day Adventist Church, opens Saturday evening, Dec. 5 with house-to-house calls accompanied by Christmas music.

Leading the volunteer workers participating in the city-wide drive is Robert St. Clair, church home missions director. The goal is \$2,250.

Funds will go toward extending welfare, disaster aid, and educational services at home as well as a widespread medical, welfare and educational ministry in 195 other countries.

On a world basis volunteer Adventist workers in 1963 gave 8,211,714 hours in welfare services to 7,373,611 persons. More than 7,245,992 articles of clothing, and some \$15,085,045 worth of food and cash were distributed. Approximately 50 per cent of this aid was given in North America.

Seventh-day Adventist members themselves contributed more than \$110,103,711 last year toward the support of their world church program, in addition to welfare activities.

Persons in need of assistance or knowing others needing material aid in this area may call either Pastor John Erhard ST6-4730 or Dorcas leader, Mrs. Chester Peak, ST6-4547.

Post Auxiliary Christmas Party Monday Night

The American Legion Auxiliary, Cloverland Post 82, will have its Christmas party Monday, Dec. 7, beginning at 8 p. m. in the Legion club rooms.

Features will be a bazaar and an exchange of gifts.

Legionnaires, who also are meeting that evening, will join the Auxiliary for the party. Mrs. William E. Butler is chairman of the evening. She will be assisted with party arrangements by Mesdames James Donovan, Florence Dufresne, Arthur Dahlin, Freda Derwin, Chris Jensen, James E. Coon, Vincent Lavelle, William Eckmeyer and Reynold Gustafson.

Fate Of Junior High PTA Still Uncertain

When only 21 parents attended the November meeting of the Junior High School Parent-Teacher Association, while 22 teachers were present, Donald Seymour, president of the unit, decided to do something about it.

He sent 763 ballots home to the parents of the students, and the results of the 494 returned to the school are interesting, if not encouraging.

Two hundred and fifty-three parents want an operating Parent-Teacher unit, 213 do not want it, 28 had no opinion; 221 said they would attend meetings, 190 said they would not and 83 had no opinion; 61 indicated that they would serve on committees, 187 stated they would not and 246 had no opinion. Only eight reported that they would accept an office if they were elected, 352 would decline and 134 had no comment.

Many parents have indicated that they prefer parent-teacher conferences to PTA. Some also said they wanted PTA but would not attend meetings. Others said they did not want PTA, but would attend meetings if it is continued. A considerable number stated they would work on committees and be officers "next year." Written in suggestions were for "more detailed advance notice of meetings, agenda and teacher availability."

In any event, the next meeting is scheduled for January with the future of Junior High School PTA still uncertain.

BROUSSEAU—Mr. and Mrs. Roger W. Brousseau, Powers Rte. 1 are the parents of a son, Terry William, who weighed 7 pounds and 13 ounces at birth Dec. 3 at 4:39 a. m. at St. Francis Hospital. The mother is the former Uta Schmid.

RICKEL—A daughter, Sandra Lee, was born to Mr. and Mrs. John R. Rickel, Escanaba Rte. 1, at 8:20 a. m. Dec. 3 at St. Francis Hospital. Sandra's weight was 8 pounds and 12 ounces. Mrs. Rickel is the former Helen Orzel.

TOWNSEND—Mr. and Mrs. Paul G. Townsend, 1619 7th Ave. S., are the parents of a daughter, born at St. Francis Hospital Dec. 3 at 2:13 p. m. The baby's weight was 7 pounds and 13 ounces and her name is Karen Jean. Mrs. Townsend was Betty Kallstrom.

BOUDREAU—Mr. and Mrs. Adolphe Boudreau Jr., 1008 9th Ave. S., are the parents of a son, born at St. Francis Hospital Dec. 3 at 6:38 p. m. Dec. 3. The baby weighed 8 pounds and 11 ounces. Mrs. Boudreau was Bernice Klug.

DAHLGREN—John Thure is the name of the son born to Mr. and Mrs. Thure W. Dahlgren, Bay View Location, Gladstone, today, Dec. 4, at 3:21 a. m. at St. Francis Hospital. The infant's weight was 7 pounds and 14 ounces. Mrs. Dahlgren was Ila Lambing.

SANTA and the SINGING TURTLE

CHAPTER ONE SANTA AND THE SINGING TURTLE

Once upon a time in the far-away Kingdom of Razenpie there ruled a wicked king named Kerchew. He was mean and greedy and terrible-tempered. He rushed around all day shouting orders:

"Do this! Do that! Bring me this! Take that away!"

He sputtered these orders so explosively they sounded like a steady stream of sneezes and that is why he was called King Kerchew.

To make matters worse, he wasn't even a real king. The true king was a little boy named Frederick Chadwick Anthony Matthew Christopher John, called Prince Chad, for short. Kerchew was Chad's uncle and was merely acting king until the boy was old enough to rule.

The laws of the kingdom said the Prince would be old enough to take the throne on the next Christmas day and at that time Kerchew would have to step down.

Old Kerchew hated the thought of giving up his power and as Christmas got closer and closer, he became meaner and meaner. He kept the schools open from dawn to dusk so the children wouldn't run around the streets and disturb him. He decreed that no one outside the palace should have dessert except on the first Monday of every third month. He ordered everyone to be in bed by 8 o'clock to save on light and fuel. He threw people who disobeyed him into prison and he threatened every day to chop off the heads of any who spoke against him.

He ordered all the calendars in the land burned so no one would know Christmas was coming. He banned all Christmas shopping and all Christmas decorations.

Meanwhile Prince Chad quietly waited. He was a gentle boy who liked to dream and read of heroes and adventure. He did not know that Kerchew dreaded Christmas. He did not know any of Kerchew's wicked deeds, because the old ruler had kept his ways secret from the boy and encouraged the Prince to spend all his time in his own room dreaming over his books.

But Chad knew the day was soon coming when he would take the throne and he had many plans. He intended to be a kind and noble king and bring happiness to the people of Razenpie and he could hardly wait to take his rightful place on the throne. But, to tell the truth, at the moment he was more excited about Christmas than about becoming king.

One day, when Christmas was only a week off, the Prince was having lunch with Kerchew. He said, "Uncle, I want to give a big Christmas party for everyone in the Kingdom."

Kerchew dropped his fork and sputtered like a firecracker. The bread pudding he had been eating spattered in every direction.

"Never!" he finally managed to roar, "I won't have it!"

"But, Uncle," said Chad, "I have already written Santa Claus asking him to bring special presents for everyone to the palace."

"I saw the letter," snapped Kerchew. "I ordered it burned. And I'll burn up any such letter you write!"

Chad stared at his uncle in astonishment. Then he put down his napkin and stood up. "In that case," he said quietly, "I'll go myself."

"Go where?"

"To Santa Land," said the Prince, leaving the room.

Kerchew's eyes bulged and his face grew purple. He pounded the table with his fists.

"Womp!" he roared. Womp was Kerchew's slave. He was only two feet tall and he was as wicked as his master. Some said he was a man-witch and had magic powers.

He popped into the room and Kerchew cried, "Stop that boy! He's not king yet!"

Womp grinned. "I heard all master," he said. "And if I were you I'd let him go."

"No!" roared Kerchew. "I am still king!"

"If he goes," persisted Womp, "perhaps it can be arranged that he never returns and you will always be king."

Kerchew fell back into his chair. A big smile slowly split his face. "Ah, yes," he whispered. "Arrange it, Womp! Arrange it!"

(Tomorrow: The Prince Meets The Turtle.)

And so our story begins

Bethany Lutheran
Bethany catechism class will meet at the church Saturday at 9 a. m. and altar boys will meet at 10 a. m.

Gladstone News

Santa Arrives Via Soo Line

Santa Claus arrived in Gladstone Thursday afternoon via the Soo Line Railroad to officially usher in the 1964 Christmas season.

The jolly old fellow was paraded down Delta Ave. on a fire truck followed by many of the small fry who have been eagerly awaiting his visit.

The procession returned to the city Christmas tree at the corner of Delta Ave., and 11th Street and the youngsters were treated to candy through the auspices of the Gladstone merchants.

City workers have been busy this week installing lighted garlands across Delta Ave. and Christmas figures at the intersections. The tree was put in place on Thursday and now all is ready for the busy Christmas shopping season.

Travelogue To Be Party Feature

"Around the World in 80 Days," will be the theme of the annual Sister's party to be held in the multi-purpose room of All Saints School Sunday at 8 p. m. Mrs. Patrick Kearney will present a travelogue of her recent trip to Europe.

Games will be played at the conclusion of the program and luncheon will be served. All ladies of the parish are invited to attend.

Hostesses will include Mesdames Adam Sinclair, Rudy Trotter, Matt Gasperich, Fred Schram, Al Mortier, Betty Marshall, Ann Keldsen, Ben Butler, Willard LaFond, Robert Richards, Ernest Nebel, James A. Johnson and Frances Roy.

CITY OF ESCANABA NOTICE OF TAXES DUE

1964 County and School taxes are due and payable December 10, 1964 at the City Treasurer's office in the city hall. After January 10, 1965, a penalty of four (4) percent is added.

Office hours 9:00 a. m. to 5:00 p. m. except Saturday and Sunday.

All tax bills will be mailed by December 10, 1964.

DONALD J. GUINDON
City Treasurer

DOG LICENSE NOTICE

Dog Licenses for the year 1965 are available at the City Treasurer's office until March 1st at a cost of \$1.00 for male and spayed dogs and \$2.00 for female dogs. After March 1st, licenses must be procured at the County Treasurer's Office at double the cost. Proof of vaccination against rabies since July 1, 1964 must be presented at the time of application.

Office hours 9:00 a. m. to 5:00 p. m. except Saturday and Sunday.

DONALD J. GUINDON
City Treasurer</

with Ray Crandall

POINTS—Trout Creek, under Coach Bruce Warren, has produced some of the greatest basketball scorers in Upper Peninsula prep history. Most notable in recent years was Jim Manning who gave up a promising college basketball career to sign a professional baseball contract with the Minnesota Twins for something in the neighborhood of a \$30,000 bonus.

The latest Angler to make the headlines is Bob Gale, a 6 foot 4 inch freshman who scored 43 points in a 102-61 victory over Marenisco. He scored 24 points in the second quarter alone and sat out most of the fourth period.

RARE—Ashland hadn't won a basketball game at Ironwood for eight years entering this week's Michigan-Wisconsin Conference contest. The Oredockers snapped that losing string by whipping the Red Devils, 59-46. It was way back on Jan. 28, 1955, when Ashland last beat the Red Devils on their home floor.

BOWLING—National honor counts, a dime a dozen at the Silver Dome lanes in recent years, have been conspicuous by their absence this season. The first one recorded there this year was a 701 count by Gene Chernetski of Menominee. That helped his Dome team to a 1157 game and a 3186 series.

HURLEY—While the community has been making headlines in other areas recently, the Hurley High School basketball team notched its first Michigan-Wisconsin Conference victory of the season by whipping Bessemer, 62-41. John Siechlo and Gary Miller tallied 21 points apiece to pace the Midgits.

FLIVVERS—Coach Gordy Farrag's Kingsford Flivvers opened their bid for the Menominee Range Conference basketball crown with a 76-58 victory over Norway. Rich Freeman hit 18 points and Dick Berlinski 16 to pace the winners.

YAGO—Con Yagodzinski was the second leading scorer on the Northern Michigan University basketball team as the Wildcats dropped their season opener to Bradley, 97-81. The 6 foot 5 inch sophomore, former outstanding Holy Name athlete, clicked on six field goals and four free throws for 16 points. Coach Stan Albeck's eagles led 69-65 with 10 minutes to go before running out of gas.

OAKIE—Leonard (Oakie) Brumm is extremely high on his Marquette Iron Rangers in their maiden season in United States Hockey League circles. "These guys have really got spirit," the former University of Michigan player informs. "They're something like Waterloo was last year—no stars but a lot of hustle. Only these boys are faster than Waterloo and have more desire and hustle." Waterloo is the USHL defending champion.

STREAKS—Coach Gordy LeDuc's Negaunee St. Paul quint ran its victory streak to three and snapped Marquette Baraga's two game string by beating the Royals 75-54 this week. Dom Jacobetti again paced St. Paul in the scoring department with 27 points. Top runner for Coach Fred Boddy's Royals was Alan Pesola with 16 points. He's the player whose last-second points nipped both Calumet and Holy Name in previous Marquette Baraga outings.

Timberlake Is Halfback On AP All-America Team

By TED SMITS

NEW YORK (AP)—John Huarte, Bob Timberlake, Donny Anderson and Gale Sayers comprise the offensive backfield of the 1964 Associated Press All-America football team named today.

Illinois linebacker Dick Butkus, the lone holdover, heads a defense averaging 219 pounds per man on the squad which reflects the wholesale revival of a platoon game this season.

For the first time since 1952 separate units, a 22-man first team, have been selected on the recommendations of the sports writers and broadcasters who made up the eight regional boards. All games through Nov. 28 were taken into account.

Huarte, Heisman Trophy winner as college player of the year, was the quarterback who changed Notre Dame from a 2-7 to a 9-1 performer and left a flock of school records in his wake. His most notable season marks are 2,069 yards in total offense and 114 pass completions for 2,062 yards and 16 touchdowns.

Timberlake quarterbacked Michigan to the Big Ten title and a Rose Bowl berth but he's so good a runner he was elected to a halfback slot in his conference. The 6-foot-4 senior rushed for 574 yards, passed for 807 and scored 80 points.

By means of pass receptions and kick runbacks as well as sprints from scrimmage junior Anderson from Texas Tech—a first round futures pick in both pro drafts—accounted for 1,710 yards. He also punts.

Kansas' Sayers, the whirlwind of the Plains, is one of the most exciting runners in Big Eight history and leaves a league career rushing record of 2,675 yards behind him.

The closest of some hectic position contests on offense was at end where Florida State's Fred Bleinkoff, and Baylor's Lawrence Elkins got the nod over Jack Snow of Notre Dame and Karl Noonan of Iowa. Bleinkoff, who operated at flanker back and split end with equal ease besides being a sound blocker and kick runback specialist, caught 57 passes for 987

yards and 11 touchdowns this season.

Elkins, first man picked in the AFL draft, grabbed 50 aeriels for 851 yards at Baylor, scored seven touchdowns, returned 13 punts 126 yards and went in on defense on goal line situations.

Jim Wilson of Georgia and Nebraska's Larry Kramer, a combined 480 pounds of tackles who were futures drafts last year, are on the interior offensive line with guards Tommy Nobis of Texas and Bill Fisk of Southern California plus Syracuse's Pat Killorin.

Fisk finished a standout season by starring in the 20-17 upset over Notre Dame. Ace Trojan ball carrier Mike Garrett calls Fisk "one of the most underrated blocking linemen in the country."

The quickness with which the New York Giants drafted Auburn's Tucker Frederickson is testimony of the fullback-safety's prowess. Although he led Auburn in rushing, receiving, scoring and kickoff returns, Frederickson was rated even higher stopping foes and per-

mitted only one pass completion in the zone he covered all season. He personally killed four enemy drives with his tackling.

Clarence Williams of Washington State, Ohio State's Arnold Chonko and Cosmo Iacavazzi of Princeton are the other defensive backs.

Teamed with Butkus in the highly competitive linebacker guard spots are Tennessee's Steve DeLoe and Pat Caveness of Arkansas. The trio shaded Marty Schottenheimer of Pitt, Penn State's Glen Ressler and Carl McAdams of Oklahoma.

Dan Kearley of national champion Alabama is teamed with John Van Sicklen, Iowa state, at defensive tackle with Purdue's Harold Wells and Mississippi's Allen Brown manning the ends.

Offensive backs Roger Staubach of Navy and Jimmy Sidle of Auburn, All-America choices a year ago, did not repeat because of their injury-plagued seasons. Staubach was hindered by a severe leg injury and Sidle's hurt shoulder forced his move from quarterback to half.

Jerry Rhone of Tulsa, Craig Morton of California, Bob Berry of Oregon and Bob Schweikert of Virginia Tech make up the second team offensive backfield.

Spartans Reach Soccer Finals

PROVIDENCE, R. I. (AP)—Michigan State will play Navy here Saturday afternoon for the NCAA soccer championship.

The Spartans moved into the finals with a 3-2 overtime victory over Army, while Navy edged St. Louis 2-1, Thursday.

MSU gained a 2-0 lead on two goals by Payton Fuller but Army tied it on tallies by John Boretta and Jose Gonzalez.

A 25-yard goal by the Spartans' Syd Alozie at 3:35 of the overtime decided the contest.

Navy's winning goal was scored by junior Dick Hulse at 12:25 of the fourth period.

Ullman Scoring Leader; Wings Increase Lead

DETROIT (AP)—A combination of winning goals and key assists has vaulted Detroit Red Wings' center Norm Ullman into the National Hockey League individual scoring lead.

Ullman did not score, but assisted on three goals in Detroit's 4-2 victory over the Boston Bruins Thursday night to bring his season's point total to 24—one more than Chicago's Bobby Hull.

Montreal downed Toronto 4-2 in the only other game played and moved into a second place tie with the Maple Leafs.

The Bruins drew first blood against the Red Wings, Murray Oliver beating Detroit goalie Roger Crozier with the game just 61 seconds old.

But the Wings stormed back in the middle period, firing 22 shots at Boston netminder Ed Johnston and scoring four times.

Pit Martin, Floyd Smith, Gary Bergman and Parker MacDonald were the marksmen.

Of the four, the goals by Bergman and MacDonald were the most significant.

It was the first NHL goal of Bergman's career, while the veteran MacDonald notched his 100th.

Bergman, the rookie defenseman, drew a misconduct on top of a holding penalty in the third period. That automatically cost him \$25.

Martin's goal was his first in 13 games and only his second of the season.

Ullman, who now has 10 goals—four of them game-winners—and 14 assists, had a hand in each of the last three goals.

The Bruins, who came close a number of times in the final 20 minutes, got their second goal when Johnny Bucyk beat Crozier with a little more than six minutes remaining.

The victory stretched Detroit's unbeaten string to five games and increased their NHL lead to three points over the Maple Leafs and Canadiens.

At Montreal, the Canadiens jumped to a 4-0 lead on goals by

Dave Balon, Jean Beliveau, Guy Rousseau and Jim Roberts before Toronto tallied on markers by Dave Keon and Ron Ellis in the last 12 minutes of play.

Detroit is at Toronto Saturday.

Spartans Edge Northern Quint

EAST LANSING, Mich. (AP)—Michigan State opened its 1964-65 basketball season with an 82-76 victory over stubborn Northern Michigan Thursday night.

Six Spartans scored in double figures, with Stan Washington hitting 16, and Joe Johnson and Bill Ruttis 15 each.

Gene Summers of Northern led all scorers with 24 points and 19 rebounds.

The Spartans held only a 34-31 lead at halftime and never trailed in the second half.

MSU jumped off to a 13-4 lead early in the game. But the contest was tied five times in the first half.

The Wildcats closed the gap to 79-74 with 59 seconds left but came no closer.

The loss was the second in two games for Northern, which bowed to Bradley Tuesday.

Numerous ball-handling errors hampered the performances of each team.

MSU hit 36 of 86 field goal attempts, while Northern connected on 31 of 88 shots.

Northern moved ahead of the Spartans, three times in the first half but never by more than two points.

Cleveland Should Cinch Eastern Honors Sunday

By JACK HAND

Associated Press Sports Writer

The Cleveland Browns should wrap up the Eastern Conference title in the National Football League Sunday by beating the St. Louis Cardinals in St. Louis. If the Browns win or tie, they go into the championship game with the Baltimore Colts, Dec. 27 at Cleveland.

If the Cards win, it will go down to the wire.

With the help of a 7-1-1 weekend, the old batting average moved up to .79-48-3, 51-28-5 in the NFL and 28-15-3 in the AFL. Counting this weekend's 10 games there are 24 more regular season games.

Here are the picks, all games Sunday unless otherwise indicated:

NFL

Green Bay 24, Chicago 14 — (Saturday afternoon) — Another chapter of the old bitter rivalry.

Packers won 23-12 in season opener when Paul Hornung kicked three field goals. Green Bay, forced to settle for a shot it second, has won four of five out revived Bears have swept last three. Bart Starr should have a big day.

Cleveland 31, St. Louis 30

Browns by a whisker in a shoot-the-works game for the Cardinals, who must gamble with everything. Ryan will find weak link in Card defense but Browns' weak pass rush will give Charley Johnson plenty of everything. Frank Ryan will find weak link in Card defense but Browns' weak pass rush will give Charley Johnson plenty of time. Jim Bakken tied first game 33-33 with field goal in last five seconds.

Philadelphia 21, Dallas 17

Both clubs on down grade. Cowboys still hurting in backfield, have lost three straight.

Baltimore 31, Detroit 17

Colts on 11-game win streak with Don Shula shooting for fourth in a row over his old mates. Baltimore won in a breeze 34-0, Oct. 25. Lenny Moore with 17 touchdowns needs only three more for the league record.

Los Angeles 24, San Francisco 21

Roman Gabriel bombed the 49ers 42-14 in mid-October but rookie Bill Munson went the route last week in loss to Vikings. Rams have lost three in a row and 49ers seven of eight.

Minnesota 28, New York 21

Vikings are driving for second money and anxious to impress on first New York appearance.

Washington 28, Pittsburgh 14

Steelers tough to predict but Redskins have won five of six and Sonny Jurgensen is back in old form with 24 td passes. Redskins should do the job but not by 30-0 this time.

AFL

Boston 24, Kansas City 14 — Patriots blitz Lenny Dawson and win on Gino Cappelletti's field goals.

San Diego 28, New York 14

Jets on the road are a different team from Jets at home. Chargers, held to 17-17 tie in New York Oct. 3, are tuning up all parts healthy.

Buffalo 28, Oakland 21

Bills won't find Al Davis' gang easy. The first game was a 23-20 squeaker for Buffalo in October.

Question:

Do you know why homeowners in this area change to Mobilheat?

Answer:

Our Furnace Analysis can save them up to 38% on heat costs — and it's FREE!

The Mobil Fuel-Saver Analysis is made with this scientific kit

Mobil Fuel-Saver Analysis is made in 20 minutes without taking anything apart. Our Fuel-Saver Experts make these scientific tests for heat waste: 1. Heat needlessly escaping up chimney. 2. Unburned fuel going in to smoke. 3. Faulty draft that works your furnace overtime. 4. Air-fuel mixture that wastes oil. Call today.

LEGAL NOTICES

Nov. 20, 1964 Dec. 4, 1964
STATE OF MICHIGAN
File No. 13343
The Probate Court for the County of Delta.
In the Matter of the Estate of Edward Beauchamp, Deceased.
At a session of said Court, held on November 18, A. D. 1964.
Present, Honorable Marie D. Peters, Judge of Probate.
Notice is Hereby Given, That the petition of Matilda Beauchamp, the executrix of said estate, praying that her final account be allowed and the residue of said estate assigned to the persons entitled thereto, will be heard at the Probate Court on December 15, A. D. 1964, at ten A. M.
It is Ordered, That notice thereof be given by publication of a copy hereof for three weeks consecutively previous to said day of hearing, in the Escanaba Daily Press, and that the petitioner cause a copy of this notice to be served upon each known party in interest at his last known address by certified mail (with proof of mailing), or by personal service, at least fourteen (14) days prior to such hearing.

Peninsula Park Chiefs Chosen

LANSING (AP) — The State Conservation Department has announced the appointment of supervisors for nine new state park districts.
William Kusey, manager of the Muskegon State Park, was promoted to supervisor of park operations for the western half of the Upper Peninsula. He will be stationed at Baraga.
Leonard Bierlein Sr., formerly assistant park manager for the region, will head the department park program in the eastern end of the Upper Peninsula. He already has transferred to district headquarters at Newberry.
William Cornish, manager of the Bay City State Park, has been named district park supervisor of Aylard.
Other park supervisors will be: Mio, Donald Dow Sr.; Cadillac, Jack Butterfield; Imlay City, Jack Henry; Pontiac Lake, Alfred Masini; Jackson, Roy Russell, and Plainwell, Norman MacDonald.

State School Aid Funds Distributed To Area Districts

State aid of \$279,810 has been distributed to 11 Delta County school districts and to the Delta-Schoolcraft Intermediate School District, Ann S. Villeneuve, county treasurer announced Thursday.
Almost half of the total—\$134,580—went to the Escanaba Area School District.
The other totals were: Gladstone Public Schools, \$43,160; Bark River-Harris, \$26,000; Rapid River, \$18,000; Flat Rock, \$16,830; Rock, \$13,160; Garden Township, \$9,160; Baldwin Township, \$8,160; Nahma Township, \$4,600; Brampton Township, \$3,610; and Fairbanks Township, \$2,550.
The Intermediate School District share was \$2,500.

Seminar

LANSING (AP)—The Department of Workmen's Compensation has set a seminar for Dec. 7 in Lansing to discuss mutual problems with persons responsible for handling claims under the state Workmen's Compensation Act.

Perchville Parade

LANSING (AP) The first listing on the Michigan Tourist Council's winter calendar is coming up Saturday—a parade at Tawas Bay using fishing shanties which later will be set up on Tawas Bay for visiting fishermen. It's called the Perchville Parade.

1. Card of Thanks

Dahl

We wish to thank our friends, neighbors and relatives for their kind words and sympathy in our bereavement, the death of our dear father, Andrew Dahl. We are grateful to Rev. Walfrid Nelson, the pallbearers, those who sent flowers, memorial cards, cards of sympathy, those who offered cars and drivers, music of the service, the ladies of the church society. Your kindnesses will always be held in grateful remembrance.

Mrs. Elsa Sanders
Mr. and Mrs. Gust Dahl
Mr. and Mrs.
Charles O'Neil

Novak

We wish to express our heartfelt thanks to the many friends, neighbors and relatives who by their acts of kindness in the recent illness and death of our mother Amelia Novak, helped to lighten our burden of sorrow. Especially do we thank Rev. Raymond Smith, the ladies of the Altar Society, the pallbearers, those who sent flowers, spiritual bouquets, cards of sympathy, those who loaned cars and drivers. We thank you all.

Stanley Novak
Mr. and Mrs. Bartosz
Mr. and Mrs.
Walter Bartosz

Greenland Gets 64-Inch Snowfall

GREENLAND (AP) - Residents of this former copper mining town in northern Michigan may have shivered through a record Midwest snowfall for the current year.

With 58 inches of snow falling in the final 12 days of November, the area has been covered with 64 inches since late October.

Daniel O'Hara, Michigan Highway Department snow statistician who made all measurements, said only 19.3 inches fell in the same period last year.

Greenland's normal snowfall for an entire year is 190 inches.

Florists Told To Make Trade Jobs Attractive

The florist trade is finding it difficult to attract young people into it as a career. To solve the problem and continue the business as a healthy part of the economy, Michigan State University's famed Department of Floriculture is holding a series of meetings in the state. The first of four such meetings for Upper Peninsula florists was held Thursday night in the Marine Room of the House of Ludington and attended by 25 U.P. florists.

It was addressed by Professor Paul Krone, head of the MSU Floriculture Department and one of the nation's leading floriculturists. He is secretary of the national Florists, Inc. Also on the program was Basil Murray, Petoskey florist, and Paul Snyder of the Wickert Floral Co., Escanaba, was chairman.

The Upper Peninsula has about 50 full time florist businesses and hundreds of part time greenhouse operations which supply seasonal items like tomato plants, flower settings, etc. The florists are organized in the Michigan State Florists Association and Richard Lutey of the Lutey Greenhouses, Marquette, is the Upper Peninsula director of the Association.

Krone's theme last night was "Are you making a profit?" He said that florists had tended to continue working 7 days a week and tossing in services as though they didn't cost money (although it costs from 75 cents to \$1 to deliver flowers and about 50 cents to make a charge) and as a result they had made their trade unattractive as a career.

Where auto workers are getting \$10,000 a year in the Flint area, he said, the florists can pay no such wages and suffer

the consequences in their staffing efforts.

MSU is conducting schools for florists to teach them accounting, floricultural and promotional practices to enable them to compete for labor and continue their valuable services to the public. (An example of public benefit was Wickert Floral Co.'s growing of 1200 vegetable plants at no charge this year to help MSU conduct an experiment for Green Giant in production of crops for frozen food processing here.)

Seven U.P. florists made floral arrangements under Krone's inspection and he judged them on time, cost, design and other elements.

Krone said that the floral business is holding up well in Michigan in volume. MSU has 70 students in its floriculture course.

Angry Father Takes 7 Lives

DETROIT (AP) — A simple, well-kept frame home in a quiet neighborhood Thursday was the scene of the second mass slaying in the Detroit area in a little more than two months.

Seven persons were killed, each with a single .22 caliber bullet through the head, including the young father who, police said, apparently became angry because his wife was leaving him.

The man, James Burgan, 28, telephoned his sister-in-law Thursday morning and told her he had "killed my wife and children." The relative, Mrs. Mary Judkins, 31, called police.

When police arrived, they found the bodies, including that of Burgan who apparently committed suicide, officers said. Police identified the victims as:

Burgan's wife, Joyce, 22; their children, 18-month-old Linda, 6-month-old Robert, Kathy, 3, and Mrs. Burgan's son by a previous marriage, Roger, 6; and Mrs. Billie Gene Nolan, 22, a friend of Burgan's wife.

The family had moved into the home just three months ago. Neighbors said that they didn't know the family well but the Burgans appeared content.

Mrs. Judkins said Burgan, who worked for a paper box company, told her Monday his wife had left him and taken Roger with her.

Burgan left the other three children with her until Thursday, when he returned for them less than 30 minutes before the killings, Mrs. Judkins said.

Supervisors Open Session

Ross Lowes, representative of the Michigan Dept. of Economic Expansion, told an impromptu gathering of Upper Peninsula Supervisors today that federal funds are available to assist local government units in developing a comprehensive planning program.

The session, pushed up hurriedly from an afternoon schedule to enable Lowes to catch a plane, informally kicked off the annual meeting of the Upper Peninsula Association of Supervisors meeting at the House of Ludington.

The conference will continue with its business meeting Saturday.

Lowes said that funds for planning are available to areas with population under 50,000 from the Federal "701 Program" which is a part of the Federal Housing Act of 1954.

All it takes is a desire to get into the program, a legally established planning commission and a willingness to put up one quarter of the total cost of the program, Lowes said.

The program will provide 75 per cent of needed financing for community programs under the act, he said.

The Dept. of Economic Expansion acts as administrator for the program in Michigan and will provide technical help in planning and implementing a program, Lowes said.

"In too many cases we've had the experience that a consultant will come in and prepare a nice 50-pound package and the local people don't know what to do with it," Lowes said.

Briefly Told

Major Orville Butts of the Salvation Army announces that the deadline for Christmas basket requests is Dec. 16. He said applicants should state whether the children are boys or girls and what their ages are. This information will help in preparing the baskets.

Absentee ballots for the Dec. 22 special school election are now available. Residents of Escanaba may obtain them from the city clerk at the City Hall; and residents of the townships may get them at the office of the superintendent of schools at the Webster Annex.

Edwin C. Putman, Iron Mountain, D.A.V. field officer for the Upper Peninsula, will be at the City Hall in Escanaba from 9 a.m. to noon on Dec. 8 to interview officers.

A general meeting of ACE (Active Citizens for Education) will be held at the north end of the Commons in the Area High School at 8 p.m. Monday, it is announced by Dr. Edward Kuivinen, ACE president.

ST. JOSEPH Catholic Parish's new heating plant is pictured. The door permits entry of a truck into the maintenance room, which occupies half of the structure. The plant now is in full use. (Daily Press Photo)

St. Joseph Parish Plant Completed

St. Joseph Catholic Parish has in full operation now its new heating plant constructed at the rear of the church, which is on 1st Ave. S. and 7th St.

The heating plant is of brick to match the yellow sandstone of the church and it has half devoted to a maintenance shop for the parish's installations and half to the heating system, which has two new 80 hp low pressure boilers fired by oil burners, and equipped for conversion to natural gas.

The Rev. Fr. Jordan Telles, O.F.M., pastor, said the estimated cost of the new plant is \$34,000 and that it is heating the St. Joseph School, the church, the rectory, the Bonifas auditorium and gymnasium and supplying oil for the convent of the Sisters of Notre Dame, who staff the school faculty.

The heating plant was constructed by Erling Arntzen, contractor; and Berger and Robinson did the heating plant

and Herro Electric the electrical work. The boilers in the basement of the school which formerly heated the school and church are being dismantled. Heating in all the parish units is thermostatically controlled and the new system also supplies hot water for them.

Sub-Zero Cold Stings Midwest; More Snow Due

By The Associated Press
Stormy weather, with snow, sleet, rain and strong winds, swept nearly all sections of the nation today, continuing the climatic pattern of the past several days.

Below zero cold again stung northern Midwest states. It was 19 below in North Dakota.

The snow, sleet and gusty winds raked broad areas from New England northern New York State into Idaho.

Driving conditions in most of the states hit by snow and sleet were hazardous and warnings were issued by Weather Bureaus. The bureaus also posted heavy snow warnings in Midwest areas, already hit by falls up to a half foot or more this week.

The heaviest snow fell in the central part of the nation covering areas in Kansas, Oklahoma, Missouri and Iowa, with warnings of heavy amounts in northern sections of Illinois and Indiana and the southern third of Lower Michigan.

David J. Livermore, 31, of 416 S. 9th St. is reported in "good" condition at St. Francis Hospital today. He suffered a blackout at the wheel and his car struck a street light pole in the 1200 block, Sheridan Road, at 1:10 p.m., police said.

The other accident occurred at 4:11 p.m. in the 1500 block, Ludington St., and involved three automobiles.

John R. Duca Sr., 72, of Hermansville, suffered a cut on the nose, and Mrs. Duca complained of pain. Police ticketed Duca for failing to stop in the assured clear distance.

One of the other cars was driven by Mary Bernadette Brennan of 522 S. 9th St., who had as her passenger Helen Kelleher of the same address. Miss Kelleher suffered a neck injury.

The third car was driven by James Kenneley, 315 N. 18th St., who was uninjured.

Mrs. Kirmse Of Powers Dies

Mrs. Edward A. Kirmse, 64, of Powers Rte. 1 died Thursday at 10:45 p.m. at St. Vincent's Hospital in Green Bay where she had been a patient since Wednesday. She had been ill several years.

Mrs. Kirmse was born, Betty Gazzell Mikus, Jan. 14, 1900, in Hungary and her marriage to Mr. Kirmse took place in 1932 in Milwaukee. They moved to Powers that year.

Surviving are her husband, two sisters, Mrs. Toivo Kataja of West Allis and Mrs. Philip Miller, Milwaukee, and three brothers, Julius Mikus, Powers, John of Brandon, Fla., and Albert, Milwaukee.

The body was taken to the Kell-Tondin Chapel, Spalding, where friends may call after 2 p.m. Sunday. Services will be held at the Chapel Monday at 11 a.m. with Rev. Walter Franczek officiating. Burial will be in Nadeau Township Cemetery.

The Council referred to the

Motorists Hurt In Two Crashes

One driver is in the hospital and three other persons were slightly injured in two traffic accidents in Escanaba on Thursday, it is reported by Escanaba police.

David J. Livermore, 31, of 416 S. 9th St. is reported in "good" condition at St. Francis Hospital today. He suffered a blackout at the wheel and his car struck a street light pole in the 1200 block, Sheridan Road, at 1:10 p.m., police said.

The other accident occurred at 4:11 p.m. in the 1500 block, Ludington St., and involved three automobiles.

John R. Duca Sr., 72, of Hermansville, suffered a cut on the nose, and Mrs. Duca complained of pain. Police ticketed Duca for failing to stop in the assured clear distance.

One of the other cars was driven by Mary Bernadette Brennan of 522 S. 9th St., who had as her passenger Helen Kelleher of the same address. Miss Kelleher suffered a neck injury.

The third car was driven by James Kenneley, 315 N. 18th St., who was uninjured.

Invitation Goes To Gov. Romney

Gov. George Romney is being invited by the Escanaba City Council to come to Escanaba again in 1965 for his "second inaugural" as he did two years ago.

The event then was a social and civic success that the City Council hopes will be repeated in February. Gov. Romney has said that he plans for such a "little re-inauguration" in the Upper Peninsula.

The second inauguration in Escanaba two years ago, the first-ever such event in the U.P., included a ball, parade, and public address. Since then the State Office Building, site of the Governor's address, has been acquired by the state and could with full propriety again be the background for the ceremony.

In other business the City Council approved the sale of four city-owned lots at 12th Ave. S. and 15th St. to high bidders: Lot No. 1, Al Taylor \$2,780; Lot 2, Robert Pearson, 521 S. 11th St., \$2,615; Lot 3, Herb Ryan, \$2,610; Lot 4, Al Taylor, \$2,556.

The high bids were accepted subject to approval by the city attorney.

An amendment changing the zoning of one lot to commercial in the water tower location was approved; a request to remove a parking meter on N. 10th St. was denied; and a letter of commendation to the Fire and Police Departments was received with appreciation.

The Council referred to the

city manager with authority to accept the low bid of Gene Hebert, Photo Offset Co., to furnish 4,500 copies of the city's annual report in Calendar form. The bids were: Hebert \$1,232; Richards Printing \$1,566.

Three lots that had been recommended for sale by the Planning Commission were bid on by Bero Motors, but the bid was below the city's assessed valuation. The Council directed the manager to confer further with Bero, the only bidder. Bero bid \$3,203 and indicated that he would go to \$4,000. The city assessor had placed a value of \$6,000 on the lots at the rear of the Bero Motors building.

Berkeley Sit-In Called Anarchy

BERKELEY, Calif. (AP)—University of California insurgent students went free in wholesale numbers today as others threatened a campuswide strike to paralyze the 27,000-student institution.

It was reported that a huge bond, rumored as high as \$80,000, was filed to obtain their freedom.

"We're turning them loose as fast as we can," said an Alameda County sheriff's deputy at Santa Rita Prison Farm, where the students were taken after they were dragged out of the campus administration building Thursday.

An army of police arrested 801 students as they sprawled on three floors of Sproul Hall. They were hauled away in buses and bail bonds were set as high as \$300 for some.

Stephen Weissman, chairman of a committee representing teaching assistants and graduate students, announced Thursday night his committee had voted to start a strike of all students today until next Tuesday noon.

The rebels seized Sproul Hall Wednesday night and refused to vacate despite a plea to disperse peacefully by campus Chancellor Edward Strong.

Mario Savio, 21, a philosophy major who moved to California from New York City, led the demonstrators in their demands for unrestricted freedom to recruit members and collect funds anywhere on campus for off-campus political activities.

"Seizure of the building had nothing to do with free speech, and the F.S.M. knew it," Kerr said.

"This protest has never been over free speech," he said. "There has been and is freedom of speech at the University of California. The protest has been over organizing political action on the campus. This has been granted within the limits of the law."
